

## SPACE FOR SAFE & SUPPORTIVE HEALING

Delray Beach, FL

Our main campus fosters a supportive, trauma-informed environment that prioritizes safety and trust, empowering individuals on their recovery journey.

## EXPANDING HOLISTIC RECOVERY

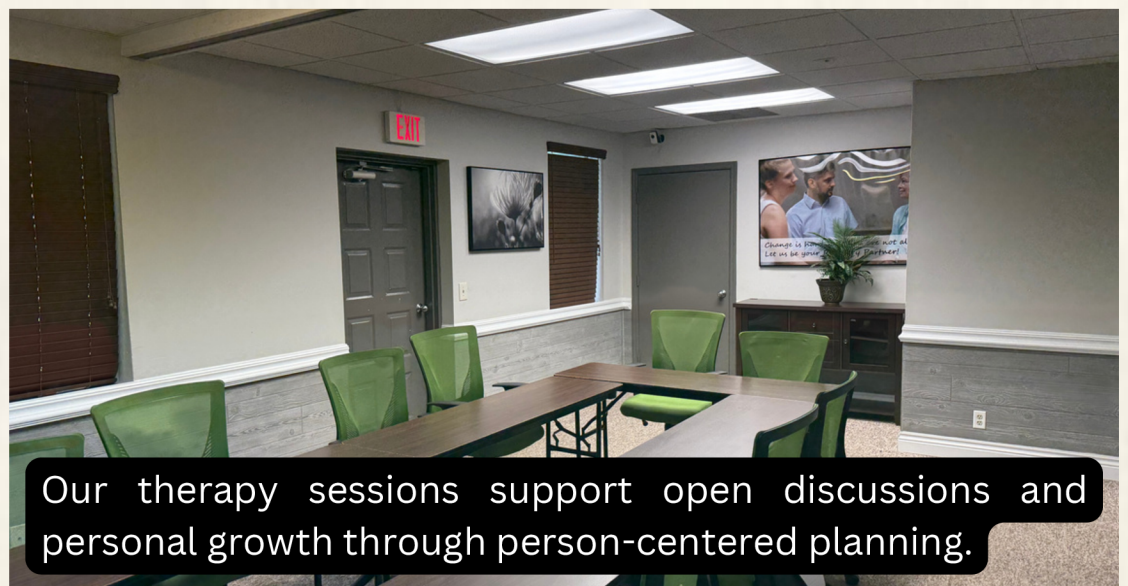

West Palm Beach, FL

Our West Palm Beach office provides outpatient services with a holistic, wellness-focused approach, supporting individuals on their path to lasting recovery.

### Kim Bailey, BS, MS, BCRPS

#### Outpatient Mental Health Therapist/Site Supervisor

Kim, a Registered Mental Health Therapist and Board Certified Recovery Peer Specialist with a BS and MS in Mental Health Counseling from Palm Beach Atlantic University, has been with DAF since 2017. Starting as a part-time tech, she became Outpatient Site Supervisor, gaining experience in case management and care coordination. Known as "The Nurturer," Kim takes a holistic approach to address the root causes of addiction for lasting recovery.

Our therapy sessions support open discussions and personal growth through person-centered planning.

### Blanca Rosa Alvarez, MSW Bilingual Outpatient Therapist

For nearly three years, Blanca has had the privilege of serving as a Primary Outpatient Therapist at the Drug Abuse Foundation in Delray Beach. Working alongside a dedicated team, she is committed to helping individuals manage addiction through self-discipline and emotional regulation. Her passion lies in empowering clients to transform their past into a future of growth, resilience, and lasting sobriety.

Group therapy sessions provide peer support and evidence-based strategies for recovery.

## Outpatient Services Program

Our program provides comprehensive, person-centered treatment for SUD and OUD, using MAT medications like Suboxone, Vivitrol, and Methadone (via a third-party provider). We focus on relapse prevention, abstinence sustainability, skill-building, and behavior modification to support recovery and help individuals rebuild their lives.
